Neil Tomlinson MCIM MIDM

Neil Tomlinson is a Director of the Access Industry Forum, Chairman of the AIF's Collaboration Committee and responsible for all marketing matters for the NASC (National Access & Scaffolding Confederation).

Educated in Surrey, England he has spent almost his entire working life either in compliance or working at height positions. Neil's experience has included roles such as product development, engineering design, training and onsite Work at Height Engineer on the construction of the Channel Tunnel.

Now a qualified global marketer Neil has received eight industry commendations for marketing and is recognised as a leading speaker on the issues of work at height.
